

WHO WE ARE

- We are a **nanobiotechnology** company specializing in **cleaning and hygiene** technologies, operating within the Innopark Technology Development Zone, which is jointly established by seven universities.
- Our company holds the **Technological Product Certificate** issued by the Ministry of Technology of the Republic of Türkiye.
- Moreover, our products are listed in the Technological Products Catalogue of the **Turkish State Supply Office**.
- We manufacture products that cater to **eight different sectors**, including heavy industry, automotive, pharmaceutical, household, and outdoor consumption.

PRODUCT APPLICATION IMAGES

➤ **Recommended dilution ratios for the 1.2 concentration raw product**

- 1 L Raw + 1 L Purified water → Degreaser – Oven & Kitchen Cleaner – CNC Machine – Industrial Cleaner
- 1 L Raw + (2-10)L Purified water → Multi-purpose cleaner
- 1 L Raw + (10-30)L Purified water → General Surface Cleaner
- 1 L Raw + 300 L Purified water → Glass Cleaner – Daily Disinfectant

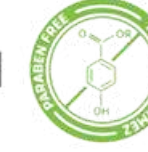

Areas of use

🏠 HOUSES

🏭 INDUSTRIAL

🚗 AUTOMOTIVE

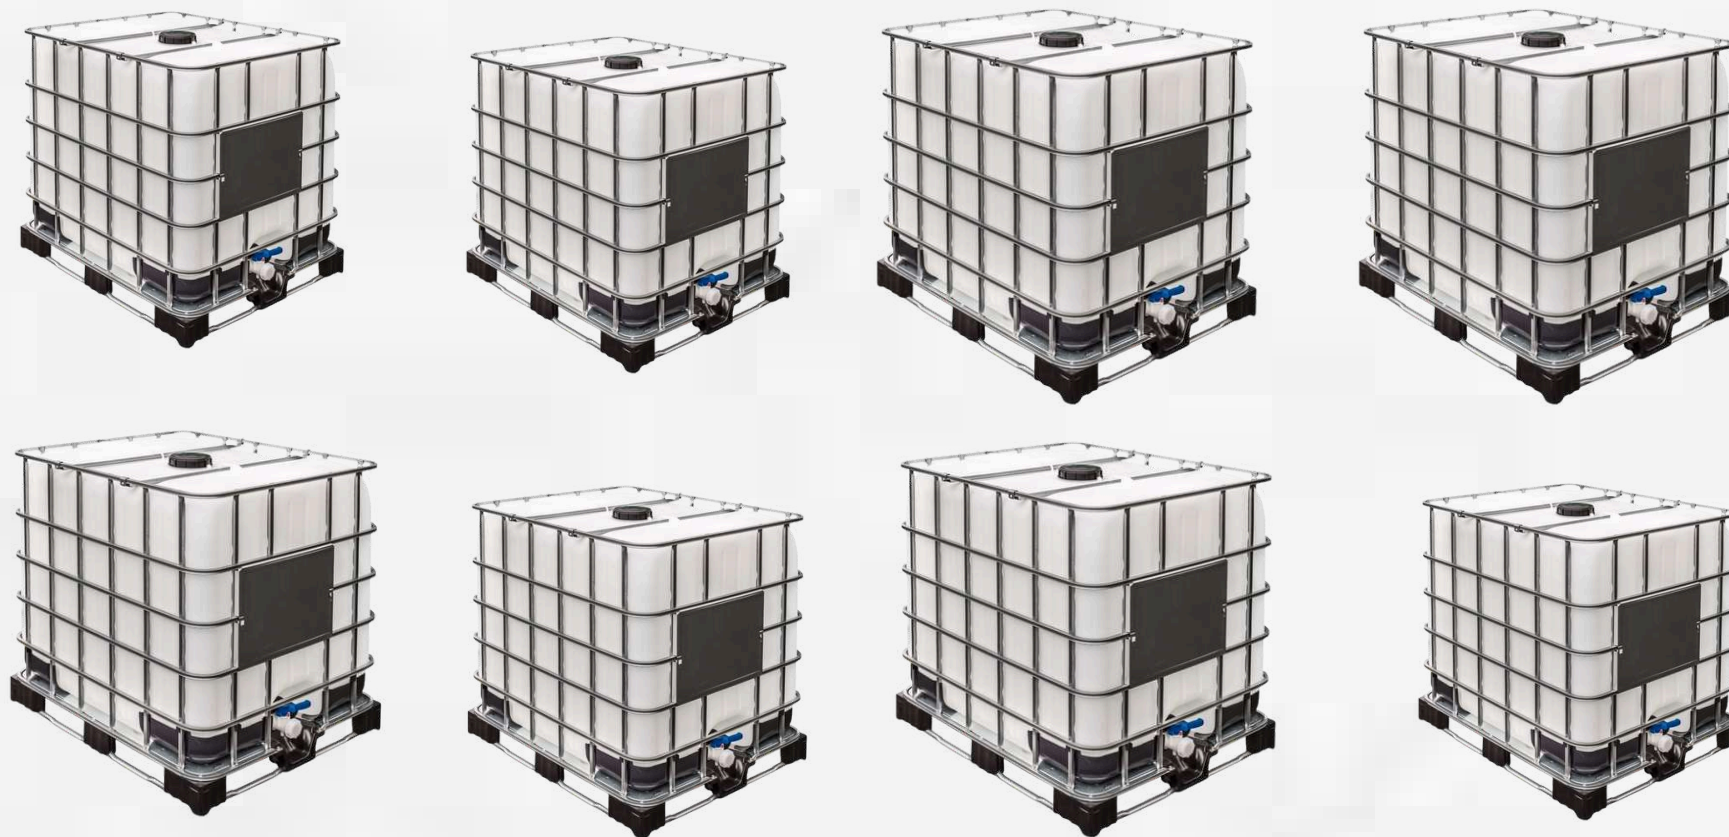

- Fishing equipment
- Kitchen equipment
- Bathroom areas
- Fabric surfaces
- Seats
- Shoes
- Epoxy floors
- Floor coverings
- Bird droppings cleaner
- Leather surfaces
- Wooden materials
- Stainless steel surfaces
- Waste containers
- Engine parts
- Odor eliminator
- Moisture absorber
- Glass surfaces
- Vehicle body
- Aircraft
- Ovens
- And more....

- ✓ **Economical: Lower transportation costs**
- ✓ **Practical: Just add water, that is enough**
- ✓ **Flexible: Multiple concentration options and more product varieties**
- ✓ **Customization: Design your own brand in a unique way**

How many liters of product does a 1000 L IBC tank produce !

Degreaser – Oven & Kitchen Cleaner → **2.000 L**
– CNC Machine – Industrial Cleaner

Multi-purpose cleaner → **3.000 L - 10.000 L**

General Surface Cleaner → **10.000 L - 30.000 L**

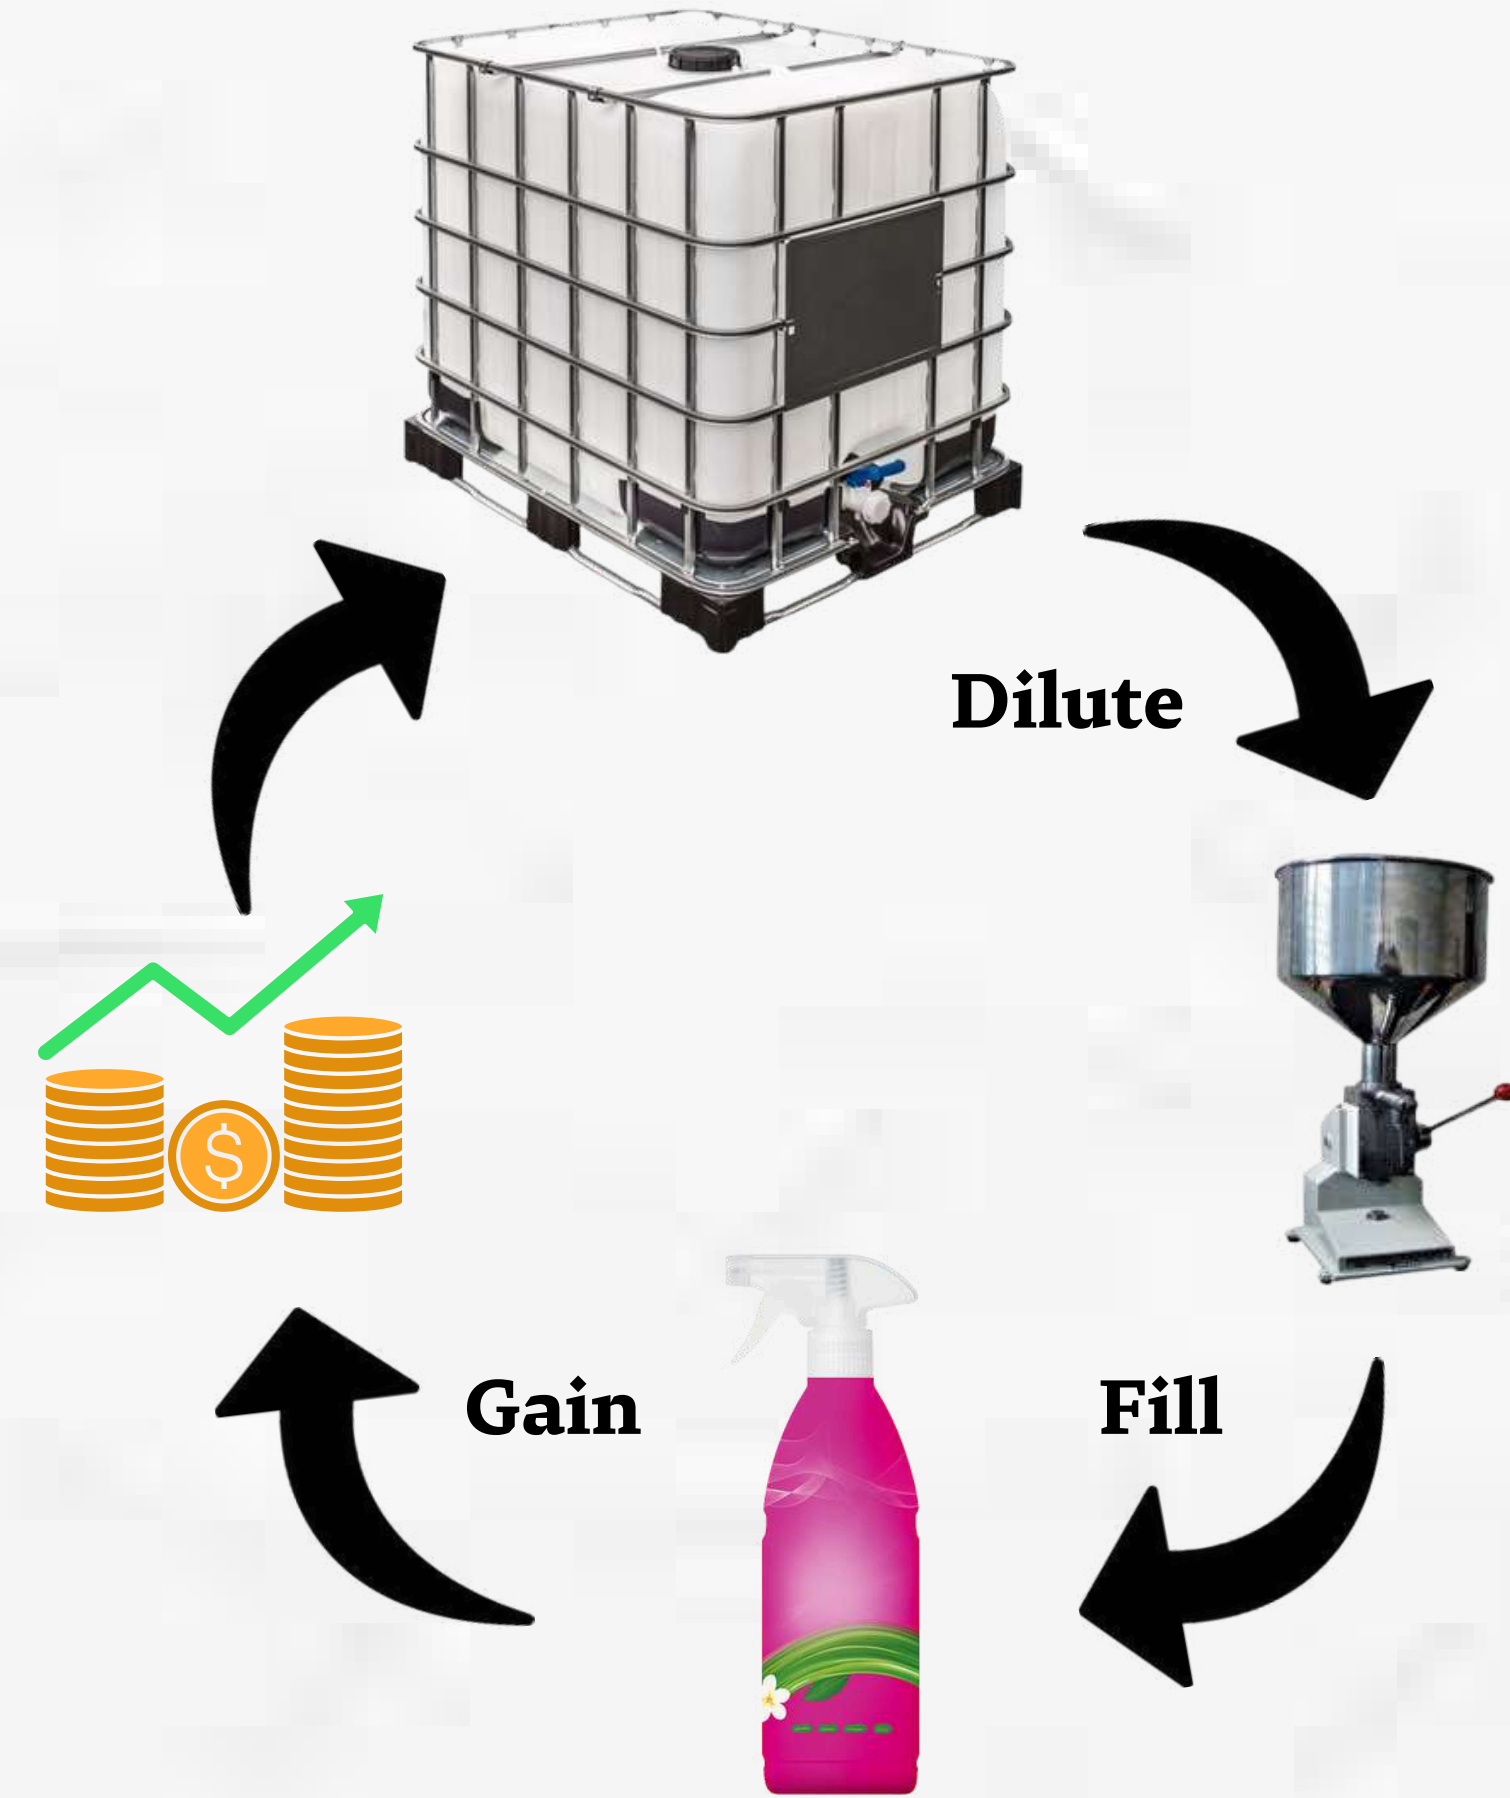

Glass Cleaner – Daily Disinfectant **→ 300.000 L**

PROVIDED SUPPORT

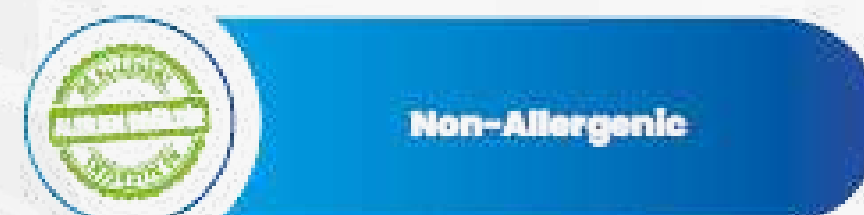

- Issuance of quality certificates related to the products (applicable for your products as well)
- Facilitation in accordance with your country's import regulations
- Contract flexibility and an open approach to new partnerships
- Detailed dilution instructions to enable the production of more than 30 different products
- Technical support during the production process (e.g., adding fragrance, using foam boosters, etc.)

NOTES:

- For international orders, the minimum order quantity is one pallet.
- A 40 ft container can accommodate twenty-two pallets.
- Production time does not exceed one week.
- Delivery is generally made ex-factory.
